## Brexit Planning

The decision made by the United Kingdom to leave the European Union, or 'Brexit' as it has become known, means that like other business operating in the UK, MJ Wilson Group must prepare for the changes that this decision might bring.

In order to ensure that our business is sustainable, we have Increased inventory and worked with our Suppliers to ensure they hold Authorised Economic Operator accreditation, which will ensure reduced checks of its shipments crossing the UK-EU border.

MJ Wilson will work with customers who may need to change product sourcing and supply routes to deal with additional Brexit-related tariff and duty costs, we will work with all customers to put plans in place to ensure the best outcome for our company and our customers as the transition away from EU membership takes place.
